Our Culture

PACCAR is a company with a great culture and a bright future. Our focus is on doing things in an ethical and disciplined manner. We make decisions utilizing conservative financial principles and common sense for the long-term benefit of our customers, employees and shareholders.
PACCAR’s business segments include Commercial Vehicles, Powertrain, Aftermarket Parts, Financial Services and Information Technology. PACCAR’s premium brands Kenworth, Peterbilt and DAF are the premier light, medium and heavy duty commercial trucks in their markets. Other brands include PACCAR Powertrain, PACCAR Parts, PACCAR Financial, and PACCAR Leasing.
PACCAR’s product investments deliver industry-leading performance and value to our customers.

Our products reflect our core brand values of quality, innovation and technology.
The integrated PACCAR Powertrain is the most advanced powertrain in the market. The PACCAR MX-13 and MX-11 engines are optimally matched to the advanced PACCAR 12-Speed automated transmission and the efficient 40K tandem drive axle to achieve exceptional performance and fuel economy.

The PACCAR MX-13 engine offers 510 hp and 1,850 lb.-ft. of torque and the PACCAR MX-11 engine features 430 hp and 1,650 lb.-ft. of torque. PACCAR designs MX engines to an industry-leading B10 life of one million miles. This means 90% of PACCAR MX-13 and MX-11 engines are expected to reach one million miles without the need for a major overhaul.

In addition to the PACCAR tandem drive axle, Kenworth and Peterbilt offer the PACCAR steer axle. DAF trucks include a range of lightweight and durable PACCAR front and rear axles.
PACCAR Truck Production
Over 1.3 Million Trucks Produced 2009 - 2018

PACCAR produced a record 189,100 trucks in 2018

Excellent Financial Performance Throughout the Business Cycle

- Reputation for superior operational excellence
- Increase in revenues and net income reflect growth in market share in North America and Europe, record aftermarket parts sales and growth in financial services
- Maintain profitability throughout the cycle due to strong cost control discipline and experienced management team
• PACCAR’s operating margin has been at the top of the industry since 2012, reflecting the premium value of our products and our leadership in operating efficiency.

• This is a testament to the outstanding performance of PACCAR’s 28,000 employees.
Best-in-Class Operating Efficiency

Inventory Turns

PACCAR’s inventory turns are the highest in the industry, a result of the PACCAR Production System, Lean Manufacturing and Six Sigma.
PACCAR’s SG&A as a percentage of sales is much lower than its peer group, reflecting strong financial discipline.
• Net income per truck is PACCAR’s net income divided by total truck unit sales.

• Truck sales not only generate profit from the sale, but also parts and finance profit. This illustrates the strength of PACCAR’s business model, providing the highest quality trucks, aftermarket support and financing.

• PACCAR achieved record net income per truck in 2018.

- **Superb balance sheet**
- $3.8 billion in cash and securities to support growth opportunities and investments in all phases of the cycle
- No manufacturing debt – a capital structure that has proven beneficial throughout the business cycle
- A+/A1 credit rating provides excellent access to the credit markets for PACCAR Financial Services

April 2019
Page 14
PACCAR’s high profitability, strong working capital management and prudent investments resulted in best in class return on invested capital of 25.6% in 2018, and an average of 21.8% over the last five years.

ROIC = NOPAT/(Equity + Manufacturing Debt + Postemployment Benefit Liabilities)
Capital Allocation Strategy

• High ROI Capital Investments
  - ROIC 25.6% 2018

• Pay Regular Quarterly and Annual Dividend
  - Dividend paid every year since 1941
  - Total dividends paid approximately 50% of net income for many years
  - Regular quarterly dividend 20-year annualized growth of 11%
  - Total 2018 dividends declared increased 41% (yoy)

• Opportunistic Share Buybacks
  - $800 Million authorized; $507 Million remaining as of 3/31/19

• Strategic M&A
  - Disciplined valuation and screening process
  - Clear path to value creation

• Pension fully funded
Dividends Declared and Stock Repurchases

CAGR = 11%
Excellent Dividend Yield

- PACCAR’s dividend yield, reflects the total quarterly + special dividends declared in the year, divided by the average stock price for the year

- PACCAR’s dividend yield has increased over the last 10 years, and averaged 3.0%
Trucking Moves the Economy
71% of U.S. Freight is Moved by Truck

Trucking is the lifeblood of the economy. In the U.S., the economy depends on trucks to deliver ten billion tons of virtually every commodity consumed - Over 70% of all the freight transported annually. 34 million commercial trucks, including 3.7 million heavy-duty trucks, move that freight. The percentage of tonnage by mode is stable over time.

% Total U.S. Freight Tonnage Hauled by Transportation Mode (Source: ATA)

- Truck: 71%
- Rail: 13%
- Pipeline: 10%
- Water: 6%

Profitable Growth

April 2019
Page 24
• Operating cash flow has averaged $2.5 billion for the last five years and has grown 8% annually over the last 20 years
• Strong operating cash flow enables PACCAR to invest in growth throughout the business cycle
• PACCAR has invested $6.1 billion in capital projects, innovative products and new technologies in the last decade
• Key investments:
  - International Truck of the Year 2018 DAF XF/CF trucks
  - PACCAR MX-13 and MX-11 engine factory in North America
  - Kenworth and Peterbilt 2.1 meter wide cab program in North America, South America, Australia
  - DAF Brasil factory
  - PACCAR Parts Distribution Centers
The PACCAR MX-13 is the flagship of PACCAR’s engine line-up with 454,000 engines in operation in Europe and 188,000 engines in operation in North America and a growing presence in South America and Australia.

- Produced the 200,000th MX engine for North America in March 2019
- PACCAR expanded its engine program in 2013 with the introduction of the PACCAR MX-11 in Europe. The MX-11 was launched in North America in January 2016.

Cumulative PACCAR MX Engines Produced

- PACCAR MX-13
  - 12.9 Liter
- PACCAR MX-11
  - 10.8 Liter
Emerging Truck Technology Trends

PACCAR is deploying many emerging technologies to meet customer expectations and reduce operating costs.

**Connectivity**
- Vehicle Uptime
- Artificial Intelligence
- Advanced Fleet Management

**Human Centered Design**
- Driver Environment
- Human Machine Interface
- Augmented Reality

**Driver Assistance Systems**
- Road User Safety
- Driver Shortage
- Autonomous Trucks
PACCAR Emerging Technology Programs

Alternative Powertrain Vehicles

Connected Trucks

Platooning

Autonomous Truck Development
PACCAR has introduced several alternative powertrain trucks currently in field-testing with customers:

**XF/CF Hybrid**  
Electric Range 20 Miles

**CF Electric**  
Electric Range 75 Miles  
**LF Electric**  
Electric Range 135 Miles

**Peterbilt Electric Refuse**  
Electric Range 80 Miles

**Peterbilt Electric Port**  
Electric Range 150 Miles

**Kenworth Hybrid Electric**  
Electric Range 250 Miles

**Kenworth Hydrogen Port**  
Electric Range 150 Miles
• PACCAR Innovation Center in Silicon Valley enhances PACCAR’s access to emerging technologies and talent from around the world.

• The Innovation Center collaborates with other PACCAR engineering teams to develop next generation technologies such as an SAE Level 4 autonomous truck

• The Innovation Center truck lab is equipped with the tools needed to integrate emerging technologies.
PACCAR Facility Investments

DAF Factory, Ponta Grossa, Brasil
Dynacraft, McKinney, Texas
PACCAR Engine Factories
DAF Cab Paint Facility, Westerlo, Belgium
PACCAR Parts Strategy

PACCAR Parts achieved $3.8 billion in sales in 2018, a 15% increase over a year ago and a CAGR of 8% over the last 15 years.

Growth Drivers:

- Growing population of Kenworth, Peterbilt and DAF trucks due to geographic expansion and market share growth.
- Growing population of PACCAR engines due to North America introduction in 2010.
- Best-in-class Distribution Network
  - 18 parts distribution centers and 2,200+ dealer locations.
- Proprietary, PACCAR Genuine and TRP branded parts enhance margins.
- Growing network of TRP stores.

Toronto Parts Distribution Center opened October 2018.
PACCAR Parts Distribution Centers and Dealers
18 PDCs in 11 Countries; 2,200+ Dealer Locations

PACCAR Distribution Centers
KW, PB, DAF Dealers

PACCAR Distribution Centers
KW, PB, DAF Dealers
PACCAR Global Dealer Network

- Independent dealer network of 2,200+ dealer locations
- Premium customer experience
- Strong dealer profitability and expanded opportunities from PACCAR engines and TRP stores
- Competitive flooring and retail financing provided by PACCAR Financial and PACCAR Leasing
Growth in Kenworth and Peterbilt Dealer Locations
U.S. and Canada

- PACCAR MX-13 Introduced in 2010
- Dealer Investments of $1.3 Billion since 2010
- 70% Growth in Dealer Locations
- Drives Long-Term PACCAR Parts Growth
PACCAR Financial Services Strategy

- PACCAR Financial Services supports truck sales by providing financing and leasing services to PACCAR customers
- In 2018, PACCAR Financial financed 24% of all Kenworth, Peterbilt and DAF trucks
- Geographical diversification, disciplined credit underwriting, and rigorous portfolio management have enabled PACCAR Financial to earn excellent profits throughout the business cycle.
- Key strategies and investments:
  - Predictive data analytics for credit quality
  - Expanded used truck centers
  - Mobile finance and credit system
  - E-Contract and e-signature
  - Customer on-line portal

Total Assets 12/31/18 = $14.4 Billion

- U.S. & Canada $7.0 Billion (48%)
- Europe $3.6 Billion (25%)
- Australia & Mexico $1.4 Billion (10%)
- PacLease $2.4 Billion (17%)

2019 Financial Results
First Quarter 2019 vs. First Quarter 2018

- Record Sales and Revenues of $6.49 Billion
- Record Deliveries of 51,500 Trucks
- Record Net Income of $629.0 Million
- After-tax Return on Revenues of 9.7%
- Record PACCAR Parts Revenues of $1.00 Billion
- Record PACCAR Parts Pretax Income of $208 Million, a 20.7% Pretax Return on Revenues
- Financial Services Pre-Tax Income of $84 Million
- R&D Expenses of $78.3 Million
- Capital Investments of $134.3 Million
Excellent Truck and Parts Gross Margins

- Truck margins have increased due to new products and operating efficiencies
- Parts margins have benefited from investments and growing populations of PACCAR trucks and engines
• Sales Increased 17% (yoy)
• Pretax Profit Increased 31%
• Record Quarterly Deliveries of 51,500 Trucks, a 16% Increase
• Price Realization of 3%
Sales (Millions of Dollars)

- 2018: $940
- 2019: $1,005

Segment Pretax Profit (Millions of Dollars)

- 2018: $192
- 2019: $208

- Sales Increased 7%
- Pretax Profit Increased 8%

- Results Driven by Investments in Parts Distribution Centers (PDCs); Increased Dealer Locations, Including TRP Stores; Expanded PACCAR-Branded and TRP All-Makes Product Lines; Fleet Services and e-Commerce Programs; and increased PACCAR trucks and MX engines in operation

- New PDC opened in Toronto in October 2018
Financial Services
First Quarter 2019 vs. First Quarter 2018

- Revenues Increased 5%
- Pretax Profit Growth of 24%
- Increased Earning Assets
- Strong Demand for Used Trucks
  - Opening Used Truck Centers in Prague, Czech Republic, and Denton, Texas, in 2019
- Record Portfolio of 202,000 Trucks and Trailers
- Total Assets of $14.9 Billion
PACCAR Competitive Advantages

- Experienced Management Team
- Highest Quality Products
- Rigorous Cost Control
- Excellent Supplier Partnerships
- Innovative Technology
- Global Aftermarket Parts Sales
- Profitable Financial Services
- Strongest Dealer Network
