A PACCAR MX-11 engine provides outstanding power in a lightweight and fuel-efficient design and is available with up to 430 horsepower and 1,650 lb.-ft. of torque.

The Model 520 cab delivers versatility, comfort and ergonomics and is available in left-hand drive; right-hand drive; dual-sit drive and right-hand stand-up configurations.

The 520 interior features an ergonomic dash design with LED backlit gauges, a driver information display for critical vehicle data and rocker switches within easy reach for maximum driver comfort and productivity. Center console sides are angled, providing operators easy visibility and access to controls from either side. An enhanced HVAC system improves airflow and climate control in the cab.

**POWER AND PERFORMANCE**

**SUPERIOR INTERIORS.**

Peterbilt’s Model 520 is built to withstand the harsh demands of the refuse industry. The rugged, aluminum cab delivers best-in-class durability for increased uptime and corrosion resistance. Powered by the fuel-efficient PACCAR MX-11 engine, the Model 520 provides outstanding performance. Natural gas configurations include both 9- and 12-liter engine options. The headlamps feature standard halogen bulbs or optional LEDs, to provide outstanding brightness and coverage with less driver eye fatigue. The distinguished grille accommodates pantograph wipers, providing significantly more coverage for improved visibility. An impressive wheel cut allows drivers to easily maneuver in congested urban environments and tight city streets. Whether commercial or residential, the Model 520 provides the tools your drivers need to succeed day in and day out.
